

You can work in groups of four people maximum to:

- Draw an amusement park that has at least 5 different rounds with a fence around each one
- Consider drawing ticket booths, chairs, lampposts, and trees where you see convenient
- Include a café in the park (a few tables and a counter)
- The rounds should move in a correct logical manner
- Add a suitable skybox to the environment
- Use suitable textures for the environment to look more realistic
- Add a suitable light source that can be turned on and off with a key

Any added details are a plus.

Please remember that Identical or copied projects will not be graded.
